SUMMARY

I'm a creative front-end developer with a passion for clean design, smooth user experiences, and eye-catching visuals. With a background in graphic design and video editing, I love bringing ideas to life—whether it's through code, visuals, or motion. I enjoy building things that not only work well but also look great.

SKILLS

- Front-End Developing
- Team Management
- Communication
- Graphic designing
- Video Editing

EDUCATION

Riphah International University

Bachelor of Computer
Science(Still going)

(2022-2026(Expected))

WORK EXPERIENCE

Graphic Designing

Freelance / Part-Time – 1.5 Years

- Created logos, posters, social media content, and branding materials using Adobe Illustrator and Photoshop.
- Collaborated with clients to bring visual concepts to life with a focus on clean, modern design.
- Developed strong visual storytelling and layout design skills across digital platforms.

Video Editor

Freelance / Short-Term Projects – 4 Months

- Edited promotional videos, reels, and short-form content using After Effects and DaVinci Resolve.
- Added motion graphics, transitions, and color correction to enhance video quality.
- Worked closely with clients to meet creative goals and delivery timelines.

Front-End Developer

Freelance / Internship / Project-Based – 5 Months

- Built responsive websites using HTML, CSS, and JavaScript. Focused on clean layouts, smooth interactions, and making sure everything works great on all devices. Enjoy turning ideas into functional, user-friendly web pages.
